Make IT to the top
EXIN International
Examination Institute for Information Science

EXIN's mission

It's EXIN's mission to improve the quality of the IT sector, the IT professionals and the IT users, by means of independent testing and certification.

EXIN
2

Independent exams

As a **global and independent** organization, EXIN establishes educational requirements and develops and organizes examinations in **Information Technology**.

- Independent exams in IT, based on frameworks, best practices & standards ITIL, ISO20000, ASL/BiSL, MOF, T-Map
- Worldwide recognition, in over 125 countries
- 40 years of experience, involving experts
- High quality, web-based technology

The (wrong) image of testing

Testers do not create anything,
they just check the work of somebody else
(quote from an architect)

Testing is allways causing project overrun
(quote from a project manager)

Why is testing made that important?
Don't you have confidence in our developers?
(quote from a CIO)

Testers are hair splitters,...
(quote from a developer)

EXIN

4

Testing

Testing is becoming very important

- Business depending on IT
- Increasing complexity
- Increasing chance of defects
- Increasing impact of defects
- Decreasing defect tolerance

Budget for testing is growing fast

Call for experts on testing

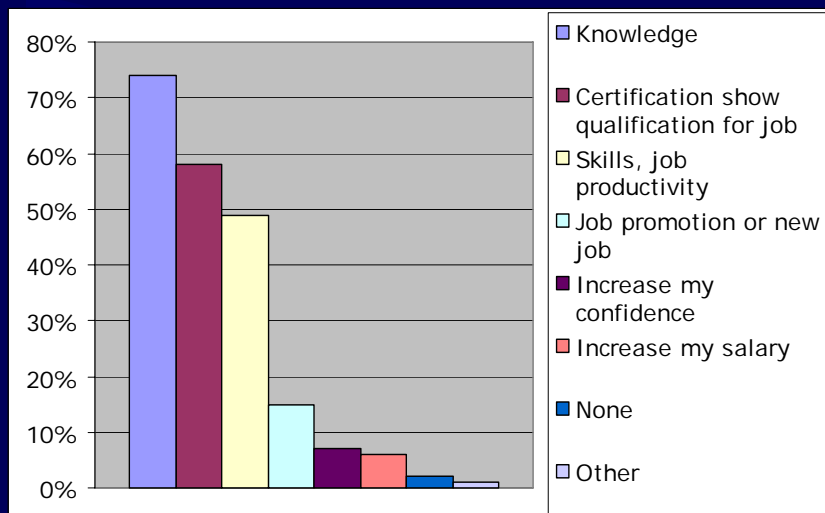

Call for methods & tooling

Call for outtasking partners

EXIN

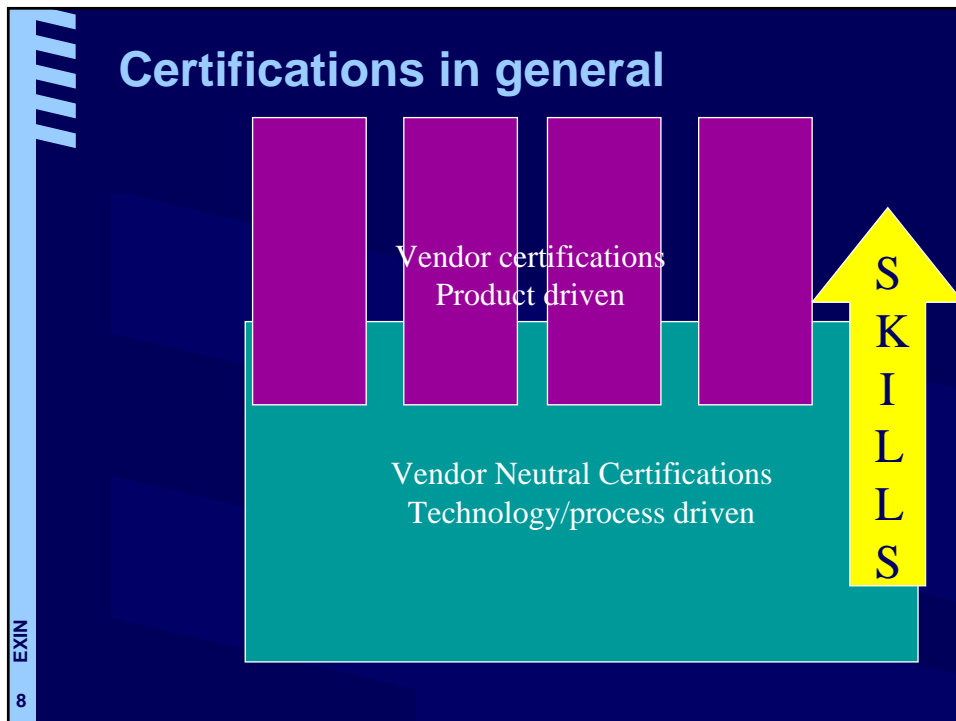

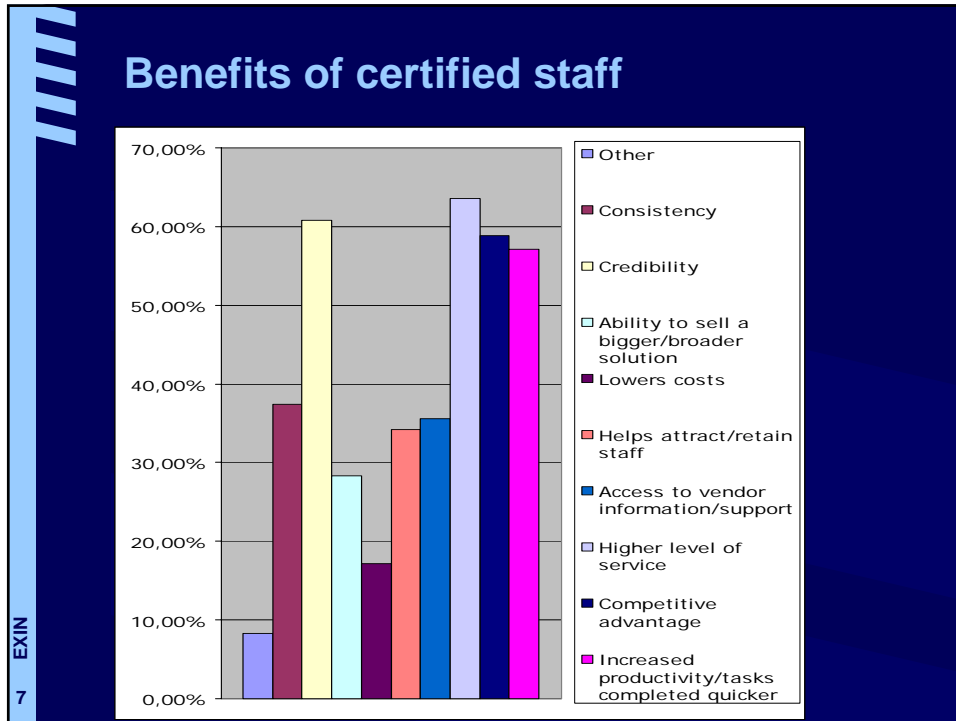

5

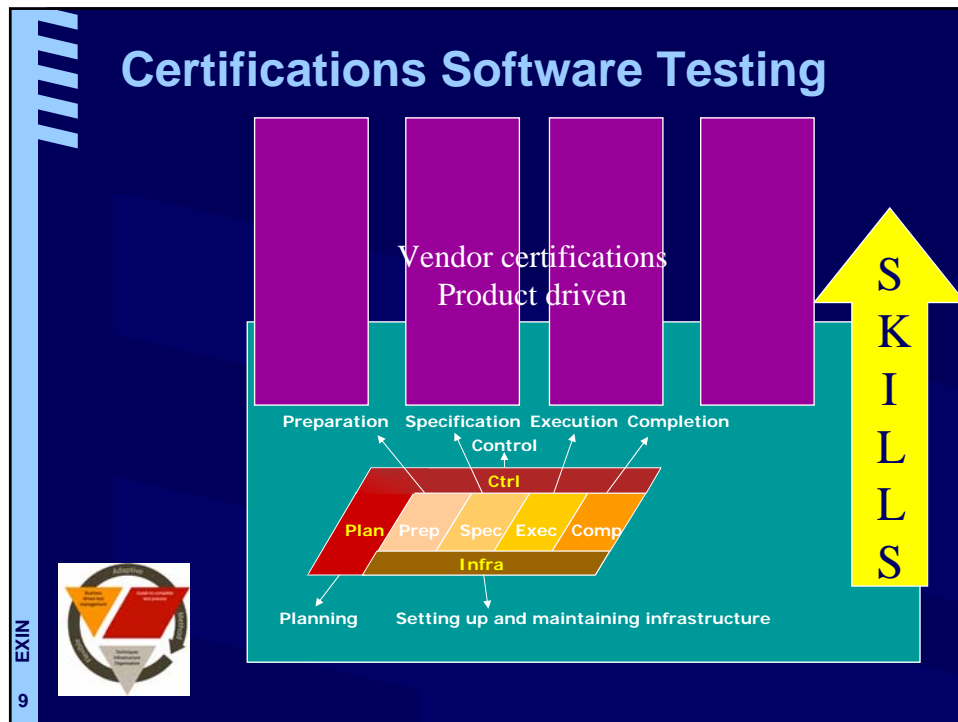

Training and certification beneficial to career

EXIN

6

Prove your competencies: get certified

- Proven quality of your IT staff to show all your customers
- Strengthen skills & improve job performance
- Stay competitive
- Better use of human resources
- Measuring the effectiveness of training programs

Independent certificates: quality assured

EXIN

10

Certification is a personal thing and depends on the goals of an individual. If he or she is targeting tier-one vendors, oil&gas or service providers, then top level industry certifications become an absolute necessity.
